

Recommendation Letter

To whom it may concern,

This letter is written to attest that Fabian Koeniger has taken part in and successfully completed the Become and AR/VR Designer course taught by me and delivered through ELVTR.

Throughout the course, Fabian Koeniger has demonstrated an excellent understanding of the material covered in class and has made significant contributions through home assignments and a final project. Fabian Koeniger excelled in working with the principles of Embodied AI, greyboxing and prototyping, light & sound design and designing an exceptional final portfolio project.

Feedback iteration has been an essential part of this course and an area where Fabian Koeniger has also demonstrated significant achievement. Taking an active part in peer discussions and completing in-class and homework, Fabian Koeniger successfully completed all stages and delivered a well-thought through final project.

It has been a pleasure working with Fabian Koeniger, and his performance, commitment, and attitude have left a positive, lasting impression. I'm confident that Fabian Koeniger will be able to put the skills and knowledge that he has extracted from this class towards the advancement of his career, and I look forward to seeing the fruits of his labor.
